---

## Software Developer

Driven Full Stack Developer with a solid foundation in front-end and back-end technologies, including React.js, Python, Wordpress, and SQL. Adept at building responsive, user-friendly web applications and integrating complex systems. Looking to apply skills in a challenging development role that supports team success and high-quality software solutions.

## WORK EXPERIENCE

**AITec** • **07/2023 - 09/2023**                                                                                   **Islamabad**

**AI Engineer Internee** • **Internship**

- Developed an AI-powered jet detection and tracking system using YOLOv6 and Optical Radar.
- Enhanced real-time tracking accuracy of fast-moving aerial objects and utilized deep learning models for object detection and OpenCV for image processing.

**GAO Tek Inc** • **10/2023 - 01/2024**                                                                             **Remote**

**Assistant Tech Manager** • **Full-time**

- Managed and mentored a team of interns. Conducted research to ensure content accuracy and relevance.
- Applied SEO principles to improve website content visibility.

**YD Solutions** • **01/2023 - 03/2024**                                                                             **Remote**

**Web Design and Development Intern** • **Internship**

- Developed and maintained web applications using PHP and Laravel framework.
- Collaborated with front-end developers to integrate user-facing elements with server-side logic.

**Friends Vision Academy** • **09/2024 - Present**

**Web Development Instructor**

- Taught web development courses covering HTML, CSS, JavaScript,PHP and React.js and WordPress to beginner and intermediate students.
- Provided individual mentorship to students, guiding them through coding challenges and practical projects.
- Conducted workshops on web development best practices and responsive design principles.

## EDUCATION

**Bs In Computer Engineering**

Institute Of Space Technology • 08/2020 - 07/2024

**FSc in Pre-Engineering**

KRL Model College • 08/2018 - 06/2020                                                                             Kahuta

## SKILLS

- **Version Control:** Git, github
- **Database Management:** MySQL,Firebase,SQLite,Mongodb
- **Programming Languages:** Python , Javascript, HTML, CSS, PHP, C++
- **Frameworks:** React, Flask, Laravel, Bootstrap, JQuery, TailwindCSS, Streamlit
- **Soft Skills:** Problem-solving, Communication skills, Attention to Detail, Team Collaboration, Analytical Thinking

- **Tools and Technologies:** RESTful APIs, composer, JSON, Npm, webpack, Wordpress, Docker

## PROJECTS

### E-Commerce Web Application

Tech Stack: PHP,HTML,CSS,JS,

Developed a comprehensive e-commerce application allowing users to browse products, add to cart, and make purchases.

Github Link

### Point of Sale application

- PHP -Laravel
- Built a POS application for retail businesses to manage sales, inventory, and customer data.
- Github Link

### E-commerce Website

- Built a full-featured e-commerce website using Laravel ,Ajax and jQuery.
- Github link

### Final Year Project: Jet Detection and Tracking using Deep Learning

- Integrated **YOLOv6** for high-performance object detection and tracking of jets.
- Used **Python** and **OpenCV** for real-time image processing.
- Applied **TensorFlow** and **PyTorch** to fine-tune the detection model for custom datasets.

### Portfolio Website

- Designed and developed a personal portfolio website using HTML, CSS, Bootstrap, and JavaScript.
- Integrated React.js to create a dynamic project showcase section.
- Implemented a PHP-based contact form with MySQL database storage.
- github link
- live preview

### Employee Management System

Developed using PHP and MySQL, featuring CRUD operations, user authentication, and data analysis tools.

### Khano

- Developed a user-friendly web application for ordering food online
- PHP and MySQL based
- Integrated features such as menu browsing, cart management, and secure payment processing.

## CERTIFICATIONS

**Prompt Engineering for Web developers** • 07/2024 - Present

Coursera

**Worpress Bootcamp** • 09/2024 - 10/2024

WpBrigade

**Python Primers** • 02/2024 - 02/2024

Microsoft

**Wordpress Mastery Course** • 09/2023 - 01/2024

Hadi E-learning Academy

**React JS Mastery Course** • 09/2023 - 01/2024

Hadi E-learning Academy

**Foundational C# with Microsoft** • 07/2023 - 09/2023

Microsoft

**Responsive Web Design** • 05/2023 - 08/2023
